

GELfoam Cushions

Composition

- GELfoam is VerySOFT gel infused memory foam
- High resiliency foam base cushion ensures structural integrity for 30 months
- Pronounced contours promote postural stability
- Rounded front profile increases comfort
 - Standard profiles have a 2¾" front with pronounced pommel and abductors
 - Deep Leg Trough profiles (DLT's) have a 2¼" front with accentuated pommel and abductors
- Include 2 incontinent covers
 - Option of *Dry N' Cool* or *Wipe N' Dry* cover systems

Benefits

- GELfoam
 - Facilitates immersion
 - Significantly reduces pressure
 - Regulates temperature and prevents heat buildup
 - Protects & maintains user's skin integrity
- Contours promote postural stability and correct positioning
- DLT cushions enhance positioning support with a pronounced pommel and abductors
- Lightweight cushions supports self-propulsion
- Maintenance free and caregiver friendly cushion

Application

- Ideal for users that require moderate to high pressure redistribution
 - Appropriate for non-weight bearing users
- Designed for users that need a soft and supportive cushion
- Provide postural stability with pronounced pommel and abductors
- DLT cushions aid in achieving seat-to-floor height with 2¼" profile
- Customizable in shape and size to accommodate varying needs, including leg length discrepancies, pelvic obliquities, etc.
